Work Experience

2023.08.09- Present - Money & More Zrt.

I get hired as a **Frontend Developer**.

ABOUT ME

I coming from the CNC industry , where i was a programmer also for 12 years , and i programmed two languages (Fanuc, Siemens). I'm a quick learner. I always wanted to be in the IT sector. I'm very positive and motivated about this new direction.

EDUCATION

Webler TeachStudio 2022.05.14
-2023.03.25

I started learning Junior Frontend Development here. This bootcamp was my first introduction to the IT industry. I Learned Frontend Skills , that i wrote on the left side. The education was very nice , i learned a lot. I specialized for mostly React , but i interested in other technologies as well.
