ABOUT ME

I coming from the CNC industry , where i was a **programmer** also for 12 years , and i programmed two languages (Fanuc, Siemens). I'm a quick learner.

I always wanted to be in the IT sector. I think i'm a very open minded person and i seek knowledge for everything that my life requires.

I'm very positive and motivated about this new direction , and im looking forward to my first job !

EDUCATION

Webler Oktatóstúdió 2022.05.14 - 2023.03.25

I started learning **Junior Frontend Development** here. This bootcamp was my first introduction to the IT industry.

I Learned Frontend Skills , that i writed on the left side. The education was very nice , i learned a lot.

I specialized for mostly **React** , but i interested in other technologies as well.
